### STATE OF MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES LANSING

ROBERT GORDON DIRECTOR

GRETCHEN WHITMER GOVERNOR

November 21, 2019

Jimena Loveluck, Health Officer Washtenaw County Public Health Department 555 Towner Street Ypsilanti, Michigan 48198

Dear Ms. Loveluck:

This is our audit report of the Women, Infants, and Children (WIC) Program administered by the Washtenaw County Public Health Department for the period October 1, 2017 through September 30, 2018.

The Michigan Department of Health and Human Services (MDHHS) is committed to ensuring high standards of integrity and accountability for public funds. To that end, we periodically perform audits to assess the agency's compliance with fiscal reporting and other requirements contained in MDHHS agreements, and policies and procedures; and Federal regulations.

The report includes the Executive Summary, Exception, Recommendation, Corrective Action, Statements of Audited Grant Revenues and Expenses, Federal and State Grant Award Information, and Scope and Methodology.

Final reports are posted for public viewing on the MDHHS website.

Thank you for the cooperation extended throughout the audit process.

Sincerely,

Shannah M. Havens, CPA, MBA

#### **Exception 1**

**Internal Service Fund Working Capital Reserve Exceeds Allowable Amount** 

#### Condition

Washtenaw County had one Internal Service Fund with working capital reserves that exceeded the allowable amount established by 2 CFR Part 200.

#### Criteria

Title 2 CFR Part 200, Appendix V, Section G states that Internal Service Funds are dependent upon a reasonable level of working capital reserve to operate from one billing cycle to another. A working capital reserve as part of retained earnings of up to 60 days cash expenses for normal operating purposes is considered reasonable.

#### **Exception**

Washtenaw County charges most departments (including the Health Department) for expenses using Internal Service Funds. The funds are used to finance the cost of providing services for their departments. Based on the December 31, 2017 financial statements, the County had accumulated excess balances for one internal service fund.

The following represents an analysis of Washtenaw County's Internal Service Funds for the year ended December 31, 2017 for the fund that exceeded the allowable limit:

|                  | (A)   | (B)                          | (C)               | (D)                                  |
|------------------|---|------------------------------|-------------------|--------------------------------------|
| Fund             | 2 CFR Part 200<br>Adjusted Retained<br>Earnings | 60-Day Operating<br>Expenses | Excess<br>[A – B] | Months of<br>Excess<br>[(C / B) x 2] |
| General Services | \$ 247,096                                      | \$ 81,489                    | \$ 165,607        | 4                                    |

Reductions are needed to achieve compliance with Federal cost principles for the fund above with an excess working capital reserve. As a result of the excess working capital reserve, Federal programs are over-charged for services provided through the Internal Service Fund.

#### **Recommendation**

We recommend that Washtenaw County devise a plan to ensure that the Internal Service Fund working capital reserve is reduced to the allowable limit (60 days cash expenses) by the fiscal year ending 2020 by either cash refunds or adjustment to future billing rates/allocations.

#### **Agency Corrective Action Plan**

Washtenaw County has reviewed this matter and completed its own analysis of these funds with input from our auditors. Based on this along with our regular ongoing analysis, we believe that the unrestricted net position and working capital balance are appropriate in the circumstances. To the extent that there are potential excess reserves, these

excesses are temporary over the long-term and the related charges for series are regularly adjusted up or down, as applicable, as illustrated in the attached multiyear analysis schedules. Any alterations made to our internal billing rates are made prospectively so the effects of these changes on our working capital balances will not be apparent until future quarters.

Relative to the specific internal service cited in your report, the general services fund is operating on average (over five years) with about 69 <u>days</u> of working capital, slightly above the 60-day recommendation in the regulations. The County monitors the general services fund working capital and unrestricted net position on a quarterly basis and adjusts when appropriate in the circumstances.

We appreciate your finding regarding working capital reserves, and it allows us to assure you that Washtenaw County is maintaining focus on these areas and complying with federal regulations.

#### SCOPE AND METHODOLOGY

We examined the Health Department's records and activities for the period October 1, 2017 through September 30, 2018.

Our audit procedures included the following:

- Reviewed the most recent Single Audit and Financial Statement Audit Reports for any WIC Program related concerns.
- Reviewed the Grant Agreement, Budgets, and Program Specific Assurances and Requirements.
- Reviewed policies to ensure they meet applicable requirements and guidelines.
- Reviewed the most recently completed Subrecipient Questionnaire.
- Reconciled the WIC Program Financial Status Reports (FSRs) and MDHHS payment schedules to the accounting records.
- Tested a selection of payroll and non-payroll expenditures for program compliance; and adherence to policies, Federal and program guidelines and approval procedures.
- Reviewed building space/lease costs for proper reporting and compliance with Federal requirements.
- Reviewed equipment purchases over \$2,500 for the WIC Program.
- Reviewed indirect cost and other cost allocations for reasonableness, and an equitable methodology.

Our audit did not include a review of program content or quality of services provided.
